Soft Skills: Teamwork, Problem Solving, Communication

DEVELOPMENT PROJECTS

ChatPortal (Full Stack Chat Application)

• Developed a real-time chat platform using React (frontend) and Node.js (backend)

• Implemented features like Login/Register system, chat room creation/joining, private chatrooms, member limits, message history, and send/receive functionality

• Designed a responsive UI for seamless user interaction across devices

Pic Puzzle Game

• Built an interactive web-based image puzzle game using HTML, CSS, and JavaScript

• Featured shuffle tiles, drag-and-drop functionality, and dynamic tile arrangement

• Fully responsive and mobile-friendly interface

Netflix Homepage Clone

• Built a responsive replica of the Netflix homepage using HTML and CSS

• Focused on layout design, responsive UI, and clean styling

Speech-to-Text Converter

• Developed a web-based tool using JavaScript that captures voice input and converts it to text

• Utilized Web Speech API to enable real-time speech recognition

CERTIFICATIONS

• ReactJS for Beginners, SimpliLearn – Online Certification
